

Call for PhD Applications at SEERC Deadline 25/5/2010

The South East European Research Centre invites applications for studying towards a PhD degree of the University of Sheffield, through the Doctoral Programme of SEERC. The deadline for applying is May 25, 2010.

Details concerning the available research topics and the application submission process can be found in the Call for Applications at the following link:

http://www.seerc.org/docs/phdcalls/PhD_Applications_Call_2010_2011.pdf .

A small number of fee waiver studentships will become available to qualifying applicants.

We accept proposals from qualified students, either for Part-time or Full-time study. The proposals should address the **specific research topics** as listed in the table below.

Research Track 1: Enterprise Innovation and Development	
Topic 1:	Taking greenness into account in e-procurement auctions
Topic 2:	Strategy formulating of multinationals in South East Europe: Prior to, during and after the financial crisis
Topic 3:	Complexity Sciences in Industrial Ecology for a low carbon supply chain
Topic 4:	Exploring SME Innovation in a Turbulent and Complex Business Environment: The Case of South East Europe
Research Track 2: Information and Communication Technologies	
Topic 5:	Engineering Emergence in Artificial Distributed Systems for Energy and the Environment
Research Track 3: Governance, Politics and Society	
Topic 6:	Energy and Environmental Politics
Topic 7:	Globalization, Borders, and Crime in South East Europe
