

# Applied Materials Workshop

07 / 07 / 23

**09.00 - 09.10**

Opening speech

Prof. Dr Milica Balaban, Vice-Rector for International and Inter-University Cooperation

**09.10 - 09.30**

Prof. Dr Suzana Gotovac Atlagić, University of Banja Luka

***Necessity of Introducing a Deep Tech in Environmental Nanotechnologies***

**09.30 - 10.00**

Prof. Dr Dušan Lošić, University of Adelaide

***Graphene Related 2D Materials (Gr2Ms) and their Translation for Emerging Applications***

**10.00 - 10.20**

Milomir Šuvira, PhD candidate at University of Washington

***Novel Electroanalytical Tools for Probing Surface Nanobubble Characteristics***

**10.20 - 10.40**

Prof. Dr Altijana Hromić Jahjefendić, International University of Sarajevo

***Testing Novel Therapies and Mineral Combinations for Treatment of Diseases***

**10.40 - 11.00**

Discussion and refreshments

***Send your registration until 06/07/23 on e-mail: [sphemija@pmf.unibl.org](mailto:sphemija@pmf.unibl.org)***
