Article 46, Paragraph (1) of the Law on Higher Education stipulates that *the Statute of a higher education institution is adopted by the Senate, following the opinion of the Steering Board and the approval of the Ministry*. Paragraph (5) of the same article specifies that *amendments to the Statute of a higher education institution must be adopted in the same manner and according to the same procedure as the adoption of the Statute itself*.

Article 54, Paragraph (1), Item 2) of the Law on Higher Education states that *the Statute of a University is adopted by the University Senate or the College Senate after obtaining an opinion from the Steering Board and the approval of the Ministry*. This is further supported by Article 34, Paragraph (2) of the Statute of the University of Banja Luka.

Accordingly, the Academic Council of the Faculty of Natural Sciences and Mathematics submitted a request to the University Senate to amend of the Activities of the University stated in Article 14 of the University Statute.

Given the above and the Senate's recognition of the proposal as justified, the University Senate has decided as outlined in the preamble.
